- 16.4** Should the Buyer seek to rely on any spoken statement made immediately before Contract Exchange, the Builder/Developer should ensure that the Buyer (through their Independent Advisor) records in writing the statements to be relied upon.

17.0 Contract Termination Rights

- 17.1** The Buyer must be told about their right to terminate the Reservation Agreement and/or the Contract of Sale, under conditions such as the following:

 - Misrepresentation of features and amenities; and
 - Delay in finishing the construction of the Home and serving the notice to complete.

-
- 19.3** The Builder/Developer must inform the Buyer that the Reservation Fee is held in a deposit account in trust and cannot be accessed by the Builder/Developer until Completion, when the conditions of the sale have been satisfied.
-
- 19.4** Minor changes, which do not significantly or substantially alter the size, appearance or value of the Home, should still be communicated to the Buyer. In these circumstances, the Buyer's written agreement is not required. However, the Buyer should be told to consult with their solicitor (Independent advisor) as the changes may affect the Home.
-
- 19.5** Should the Buyer have requested changes to the Home (and have agreed to pay for the changes that are not included in the Reservation Agreement or the Contract of Sale) these changes must be agreed in writing between both parties. This written agreement should include:
- Specification of cancellation and refund rights;
 - The estimated impact on the date of Completion; and
 - Revised date (if necessary) that the Home will be available for occupancy.

20.0 Completion and Handover

- 20.1** The Developer must provide the Buyer with a schedule detailing the timing of key stages, including Completion and the date the Home will be ready for occupancy. These details should be part of the Buyer Information Pack. It is the responsibility of the Builder/Developer to regularly update the content of the Buyer Information Pack and to ensure all details are accurate at the time of inclusion.
-
- 20.2** The point at which the Builder/Developer tells the Buyer that the Home is ready for handover, will be informed by the build stage that the Home is at, at the time of notification. The Builder/Developer may communicate such staged guidance to the Buyer, at established points in the build development, for example:
- The expected quarter of the year in which Completion is anticipated, typically when the foundations are to be poured;

21.0 After-Sales Service

- 21.1** The Builder/Developer will provide the Buyer with a comprehensive after sales pack, which includes the following information:
- The contact details for the Builder/Developer in relation to the after sales service;
 - The process for handling any emergencies;
 - Details of the Guarantees and warranties that may apply to the Home; and
 - Details of the duration and extent of the after sales service.
-
- 21.2** The Builder/Developer must not use premium rate telephone numbers for the after sales service, but instead provide a national or local rate number if a free phone number is unavailable.
-
- 21.3** All guarantees, warranties, instruction manuals etc for components (e.g. white goods, boilers etc) which are not part of the Material Fabric of the Home, should be given to the Buyer on Completion.
-
- 21.4** Should it be necessary for the Builder/Developer to visit the Home to carry out works after Buyer occupancy, the Builder/Developer should:
- Agree a mutually convenient time for such work;
 - Ensure a responsible adult can be present to represent the Buyer;
 - Not enter the Home if a responsible adult is not available (at the pre-arranged time) to represent the Buyer, but instead arrange an alternative time; and

 - Not smoke in the Home (save with the Buyer's express consent); and
 - Act in a professional and considerate manner at all times.

22.0 Complaints and Disputes

- 22.1** The Builder/Developer must have a system and procedure in place for receiving, handling and resolving complaints, service calls and disputes.
-
- 22.2** The Builder/Developer must inform the Buyer how to access these systems, processes and procedures.
-
- 22.3** The complaints procedure should clarify that the Builder/Developer:
- Must acknowledge the Buyer's complaint within 14 days of receipt; and
 - Issue their final response or final offer to resolve the complaint to the Buyer within 56 days of the date of the complaint.
-
- 22.4** The Builder/Developer should provide the Buyer with a copy of the ICW Dispute Resolution Scheme (DRS) operated as part of this Code. It should be made clear within this document that the ICW Dispute Resolution Scheme (DRS) can only deal with matters as defined in Clause 2 (Scope of the Code).

23.0 Definition of a Dispute

- 23.1** The ICW Dispute Resolution Scheme (DRS) is the process by which the Dispute will be resolved.
-
- 23.2** A Dispute can occur if the Builder/Developer has failed to comply with the requirements of the Code (specifically snagging) and as a result, the Buyer believes they have suffered:
- A financial loss;
 - Emotional distress; and/or
 - Inconvenience.
-
- 23.3** The Buyer may then refer the Dispute to ICW to review and advise as part of the ICW Membership Rules. Independent adjudication (ADR), provided by CEDR, may be available to the Buyer based on the circumstances of the case.
-
- 23.4** A Dispute covered by the Code does not include any Dispute covered by the ICW Structural Warranty Policy or between ICW and the Buyer, or any matter that does not fall within the scope of the Code.
-
- 23.5** In terms of the Dispute process, a Buyer must first complain in writing to the Builder/Developer and give the Builder/Developer an opportunity to remedy the complaint as per the Builder/Developer complaints procedure. If the Buyer is not satisfied with the outcome of the Builder/Developer's response, or does not receive a response from the Builder/Developers, the buyers may refer the complaint to ICW to review.
-
- 23.6** The Buyer may bring the Dispute to ICW for review within:
- 12 months of the date of the Builder/Developer final response or final offer to resolve the original complaint; or
 - 12 months of the date of making their original complaint in writing to the Builder/Developer, if the Builder/Developer has not responded.
-
- 23.7** As part of the review, ICW will:
- Advise the Buyer of their next steps in the process to resolve their dispute and how they can resolve it including escalation to ADR.
-
- 23.8** Any Dispute arising as a result of a claim under a clause in the ICW Structural Warranty Policy will be managed within the ICW Complaints Handling process and will not fall within the scope of the Code.

24.0 The ICW Dispute Resolution Scheme

24.1 The ICW Dispute Resolution Scheme (DRS) includes:

- Completion of the work required to the Home which is agreed by the Adjudicator within the financial limits of the Dispute; or
- A financial award of up to 25% of the Purchase Price of the Home, subject to a maximum of £15,000.00 (inclusive of VAT) from the Builder; or
- A combination of financial compensation and completion of the work to the Home within the financial limits of a Dispute; and may include
- Discretionary inconvenience compensation up to £1,000.00.

25.0 Co-operation with Professional Advisors

25.1 The Builder/Developer must fully co-operate with appropriately qualified Agent appointed by the Buyer to resolve the Dispute.

26.0 Alternative Dispute Resolution Scheme and Process

- 26.1** The ADR process is independent of the Builder/Developer and of ICW. ICW do not mediate or carry out any form of dispute resolution themselves. Any matter referred to this scheme is solely with regard to a Dispute under the Code in respect of Snagging. Decisions are not insured under the ICW Structural Warranty Policy.
-
- 26.2** The Buyer can refer a Dispute to ICW only after following and exhausting the Builders/Developers complaint process and allowing them 56 days from the date of the original complaint to issue their final response or final offer to resolve the complaint. The Buyer must refer the Dispute to ICW within:
- 12 months from the date of the Builder/Developer final response or final offer to resolve the original complaint; or
 - 12 months from the date of making their original complaint in writing to the Builder/Developer, if the Builder/Developer has not responded.
-
- 26.3** In the event that a Dispute cannot be resolved directly between the Buyer the Builder/Developer and either party does not accept the result, the case may be passed to an independent Adjudicator, CEDR.
-
- 26.4** The Adjudication will be an independent process conducted by the offices of The Centre for Effective Dispute Resolution (CEDR) under their Alternative Dispute Resolution Scheme (ADR).
-
- 26.5** The Adjudicator will decide if the Buyer has a legitimate Dispute and if so, will decide if they have suffered financial loss, and/or emotional distress and/or inconvenience because of the Builder's breach of the Code. The Adjudicator will quantify the financial loss.
-
- 26.6** The Builder/Developer must:
- Comply with the Adjudicator's decision(s), accepted by the Buyer and is/are within the remit of the Code;
 - Pay the Buyer the amount which the Adjudicator has awarded; and
 - Pay such an award within the time frame stated by the Adjudicator.
-
- 26.7** The Adjudicator may impose an award or decision, including the following:
- Completion of the work required to the Home which is agreed by the Adjudicator and falls within the financial limits of the Dispute;
 - A financial award of up to 25% of the Purchase Price the Home subject to a maximum of £15,000.00 (inclusive of VAT) from the Builder/Developer;
 - A combination of financial compensation and completion of the work to the Home within the financial limits of a Dispute;
 - Discretionary compensation for distress and inconvenience, of up to £1,000.00;
 - May rule that the complaint is not substantiated and reject the Dispute; and
 - Refer the Builder to the Disciplinary and Sanctions panel.

26.0 Alternative Dispute Resolution Scheme and Process

26.8 The Buyer must:

- Obtain a deadlock letter from ICW;
 - Complete ADR application form via CEDR's website;
 - Include all supporting evidence;
 - Should there be a requirement for an independent report which has been required by the independent adjudicator, this will be at the cost of the Buyer and there is no guarantee that any adjudicator will reimburse the cost.
 - Attach copies of any receipts and/or invoices; and
 - Follow all aspects of CEDR's application process.
-

26.9 The Adjudicator will:

- Ask the Builder/Developer to respond to the Buyer's statement;
 - Review whether the Buyer has a substantial complaint.
-

26.10 The Buyer will then be given a copy of the Builder's statement and asked to respond. At this stage in the process the Buyer cannot make any further complaint about the Dispute.

26.11 The Adjudicator will:

- Review all written statements submitted by both parties;
 - Decide if the Buyer has a bona fide claim;
 - Quantify any financial loss and/or emotional distress and/or inconvenience because of the Builders/Developer breach of the Code; and
 - Make a decision or award and communicate this to both parties.
-

26.12 The Adjudicator's decision is final and cannot be appealed. It can only be accepted or rejected by the Buyer.

26.13 Both parties will act in good faith and have mind of the proportionality of any costs.

27.0 Awards Acceptance, Refusal and Liability

- 27.1** A Builder/Developer who has signed the ICW Membership Rules and who has taken out an ICW Structural Warranty Policy is required to honour any award made against them under the ICW Dispute Resolution Scheme (DRS). If the Buyer accepts such a reward, the courts may recognise this as evidence that the claim was valid. Likewise, should a Buyer refuse to accept any subsequent award, a court may take cognisance of the adjudication process.
-
- 27.2** A Builder/Developer remains liable to pay the Adjudicator's award, even if ICW removes them from the register.
-
- 27.3** Under the ICW Membership Rules, a Builder/Developer agrees to comply with the terms and conditions of the Code and also to honour any decision given as a result of the ICW Dispute Resolution Scheme (DRS). In the event that a Builder/Developer refuses to accept such an award ICW (at its sole discretion) may chose to take legal action against the Builder/Developer to enforce the ICW Membership Rules.

28.0 Disciplinary and Sanctions Panel

28.1 Breaches of the Code are refusal to accept liability in respect of awards made are treated seriously by ICW. ICW at its sole discretion, may refer a Builder/Developer to the panel should they have been convicted of an offence (or signed for a formal caution) under regulation 12 and schedule 1, paragraph 4 of the Consumer Protection from Unfair Trading Regulations 2008.

28.2 Where required, ICW may convene a Disciplinary and Sanctions Panel. The Panel will include any people from the bodies listed below:

- 2 insurance professionals;
 - A Trading Standards professional;
 - A Construction Industry professional; and
 - A surveyor or engineer (RICS, CIOB Professional).
-

28.3 The panel will also appoint a Chairperson.

Once the panel has met and the outcome has been confirmed, ICW will write to the entity facing the Disciplinary and Sanction Panel, informing them of the outcome. This information will then be passed to the CTSI to circulate within the rest of the structural warranty industry with the aim of stopping the entity from trading any further.
